

# **WAIT!**

## **DON'T CLEAN YOUR GARDEN**

**Can you resist the urge to clean up your gardens until after temperatures consistently reach above 10°C or 50°F?**

Many butterflies, bees, and other pollinators are currently overwintering in the dead leaves and hollowed out stems of last year's plants!

If you clean your garden now, you will be throwing away this year's butterflies, bees and other beneficial pollinators!

**IF YOU HAVE ANY QUESTIONS, PLEASE CALL
